Hunter & Tew for the on my nose, I had then been suffering with this affiletion for a period of two years and it had grown to an enormous size. Some time before corsulting Drs. Hunter & Tew, I had had it removed by surgical operation, but it began to reappear in about two weeks after the operation had been performed and grew rapidity. At the time of placing myself under the treatment of Messrs. Hunter & Tew, it had grown to the size of a largeorange, and extended over the entire nose from the line of the upper lip to the eye, threatening to destroy my sight. After a thirthful and persistent use of the remedies given me by Messrs. Hunter & Tew, and under their secondard supervision. I am happy to state that I am to-day entirely free of my atfliction, and am, I consider, entirely cured.

(Signed) MARGARET F. DCBOSE, aged 75 years, by B. V. L. Hutton.

This is to certify that I was called upon by desses. J. Miles Hunter & Tew to visit Mrs. Margaret E. Dubese in December, 1871, upon her arrival in Goldsboro, and found her suffer-ing with a large tumor, obstructing the vision and extending below the upper lip. I diagnosed the case to be a bose Cancer. Messrs. Hunter & Tew then made an application of their Can-cer Remedy. From this time I lost sight of the case until to-day. December 1 ith, w en I was again called upon to visit the patient. I found her nuch improved in general health, and without any trace of the Caseer. I consider

the case radically cured.
